

Create your own fundraising page with

- u Creating your fundraising page should take around 5 minutes — that's it!
- u Go to www.justgiving.co.uk
- u Choose the event you are doing.
- u Select UCARE as the charity you would like to raise money for.
- u If you don't have one already, register for a Justgiving account.
- u Give your page a title, write a message to your friends and add a photo.
- u Don't forget to add the UCARE website address so your friends can find out more: www.ucare-oxford.org.uk
- u Email the address of your page to everyone you know, and start collecting donations online.
- u Let us know about your page so that we can encourage other people to support you.
- u Justgiving charges a small transaction fee on donations. Money is transferred automatically into the UCARE's bank account — you don't have to chase any cash or cheques and we reduce our administrative costs.
- u Please let us know how you get on with your event. We are always looking for pictures and stories to add to our website.

Thank you for supporting UCARE and the fight against cancer

This information about creating your own fundraising page can be found on:
<http://www.justgiving.com/process/raisemoney/>

If you need help with writing about UCARE and our projects, please contact:
